

# PPT Spring preseason night 2

In an effort to build the social touch community in the inner north of Melbourne, this year Princes Park Touch will again be running the PPT Spring pre season program.

In September and October we will be providing team coaching for existing teams and an organised and refereed scratch match for unaligned players looking to start playing touch or those just keen to upgrade their skills or get back into it. The second preseason night is at Princes Park and will be used to assess unaligned players and place them into teams to play in the PPT competition.

- When: Thursday the 24th of October at 6:30PM
- Where: Princes Park, Carlton. [Map here](#)

If an existing team wants to take advantage of some coaching they are requested to let us know and we'll ensure that we have an experienced coach in attendance specifically for their team. However informal coaching and formal refereed touch will be available for all those in attendance.

Any questions please contact:
